

There was not a quorum able to vote any resolutions.

A discussion was held on the success of our symposium. It was agreed by those present that Dalton, GA would be a great place to have our symposium in 2014.

All the numbers were not in but it looks as if our club made about \$10,000 on the symposium. We had the second best auction ever.

A general discussion on having the GAW sponsor Wounded Warrior woodturning training was held with several ideas brought forth. The major focus was that if our club had an official board approved project then the training sessions would be covered by our two liability insurance policies.

Respectfully submitted for Turk Alliston,
Mark Sillay
